Spring 2011

We had another great winter here in Paradise Negril...

Tourism has had it's challenges the past few years, mostly because of events in other popular tourist destinations and because of the World economy issues. But, that being said, CocoLaPalm continues to be blessed with a high repeat clientele and many new guests as a result of recommendations from their friends who have been our guests, and from travel agencies. Jamaica as a country has worked hard to maintain and grow our tourism industry and this hard work is paying off for all of us as you continue to receive consistently great accommodations and experiences at moderate costs.

A few Guest Comments:

Our recent stay was fantastic, CocoLaPalm has surrounded itself with some of the best people you can find. If you desire to feel, see, and hear the real Jamaica...Coco provides it all....we felt at home the first day. Thanks all, soon come back!

Recently returned from Coco June 13th. This was my 4th stay and everything was outstanding. The genuine friendliness and hospitality of the management and staff is the reason I keep "Coming back for More" not to mention the food. The location is perfect, and the beach is spectacular. Kudos to Coco and I'll be back real soon.

We had a wonderful stay at CCLP 1st week of January. Staff was pleasant, helpful. Rooms clean, beach excellent, food/drink enjoyable. Will return!

Thanks again to the CocoLaPalm for another wonderful vacation. This was our seventh consecutive stay at the Coco. The staff at Coco is the best. We always look forward to going home to see our Coco family and our many friends we have met there over the years. Respect,
